Stand With Trump! Join the Volunteer Activist Network

You can help Trump restore America with a few hours a month.

One person, working with a great many around the country can have a huge impact. Together, we can help change how Congress and your local leaders vote, register voters, and change the hearts and minds of Americans.

Your most powerful tools are your family and friends, your social media contacts, your fellow churchgoers, your coworkers and neighbors. That one-on-one approach works when you explain issues and the elections.
